BAD

Together, B.A.D. has been performing together for over a decade. Starting at the Mandalay Bay in 2006 the chemistry was unforgettable. The two of them combined was like watching an old school Hip Hop show. The flow of the evening and the spontaneous ad libs were amazing and the crowd was mesmerized and hooked. From there they performed at House of Blues and Studio 54 in the later part of the 2000's and held a residency together at Dixie's Dam Bar located at Hooters Hotel for over 2 years, from there they would travel monthly to Albuquerque NM to perform for a captive audience at a couple of night clubs in that region, they performed annually for corporate events like John Paul Mitchell, Redken, and Redbull. They were a crowd favorite at The Sayers Club (SLS Vegas), Diablo's Cantina (Monte Carlo), The Double Barrel (Monte Carlo), The Rockhouse (Venetian), The House of Blues (Mandalay Bay), and are currently performing weekly at MGM Grand properties.

Covering all genres from all eras B.A.D. are guaranteed to have something for everyone, and have your clients leaving wanting more!

DJ Dynamixx hit the air with us in 2012 and his show has become a station highlight. The must he mixes aligns with the our station philosophy and his ability to engage our P1s has been awesome. Females 18-45 have commented on the show and they all say the same thing...They LOVE it!
